SKIN REMEDY
Got half an hour to spare? Head for a quickie here: the ultrasonic deep-cleansing Fast Fix face treatment (\$100 for 30 minutes) combats breakouts, clogged pores, sagging or pigmentation.
Fun fact: Look out for the unusual vertical garden near the entrance. This wall of greenery is watered by a concealed system.

SPEEDY SERVICES

THESE ARE BRILLIANT TIME SAVERS – FROM 15-MINUTE MAKEOVERS TO LUNCHTIME FACIALS.

MAKE ME UP... FAST
That hot guy finally calls you for a last-minute lunch date but you look like a midday wreck. Try the Pretty in a Hurry express makeover (\$15). A Sephora makeup artist will doll you up in 15 to 20 minutes using the store's in-house line. If you're heading to an evening function, there's the Pretty by Night option (\$20) which uses more glamorous colours.
Sephora, #01-05/08 ☎ 8800-8255

 "I visit the Sephora store at Ion Orchard twice weekly. Some brands I stock up on include Burt's Bees for lip balms and Phyto for haircare."
- Peter Khoo, celebrity makeup artist

NAIL THE LOOK
Expect more than the usual file-buff-paint routine when you do the Express Manicure (\$12) and Express Pedicure (\$17). They'll throw in a hand or foot massage and you get a couple of hand-drawn nail art motifs, too. On the house, of course.
We Love Nails, #03-03 ☎ 6500-8853

LIGHTEN UP
Pop into this cosy spa for the Bright Stuff Facial (\$190 for 60 minutes). It works on dark spots and dull skin with a Skinceuticals peel and mask.
