Line defence

The newest wrinkle-fighters are packed with anti-ageing goodies – from stem cells to a soya bean-derived booster.

**Epicuren Discovery
 Ultima-Peptide Maximum
 Peptide Complex, \$250.**
 POWERED BY: A cocktail of three peptides.
 WHAT IT DOES: These molecules – comprising chains of amino acids – encourage the repair and reproduction of collagen and elastin for firmer, tauter skin.

**Natio Ageless
 Advanced Lifting
 and Firming Serum, \$29.90.**
 POWERED BY: Natural antioxidants like organic rosehip oil.
 WHAT IT DOES: Leaves skin moisturised, smooth and radiant.

**M-Lab by Dr David Loh Stem Cell
 Intensive Serum, \$220.**
 POWERED BY: Apple stem cell extracts.
 THE BENEFITS: Protects against sun damage, helping to reduce the appearance of fine lines and wrinkles for youthful, radiant skin.

**Good Skin Labs Tri-Aktiline
 Total Face Instant Line
 Reducing Moisturizer, \$75.**
 POWERED BY: Phytomatrix 100, a protein complex derived from soya beans.
 WHAT IT DOES: Besides smoothing and firming skin, this complex is a booster that improves the efficacy of the moisturiser's other wrinkle-fighting ingredients.

**Epicuren Discovery
 Ultima-Peptide Maximum
 Peptide Complex, \$250.**
 POWERED BY: A cocktail of three peptides.
 WHAT IT DOES: These molecules – comprising chains of amino acids – encourage the repair and reproduction of collagen and elastin for firmer, tauter skin.
