ELLE ROAD TESTS NEW FACIALS

Team ELLE puts our best faces forward.

Jet PureHyal Facial, \$168 (60 minutes).
*Jet Concepts, #03-03
Wharfedale Plaza,
6733-7955*

A high-performance facial, it uses a Jet Lymph Drainage machine to boost blood circulation — this feels like a vacuum cleaner on your skin. Calibrated air jets then deliver PureHyal (to brighten and moisturize) deep into your skin, and finally a cold mask seals in all the nutrients. Skin was softer to the touch, visibly lifted and brightened.

Qi Gua Sha Facial, \$125 (75 minutes).
*Qi Massage, #B2-24
Raffles City Shopping
Centre, 6333-9330*

The saying "no pain, no gain" comes to mind for this facial. Using a customised gua sha tool (made from water buffalo horn), your face is "scraped" to tighten and lift facial features, and given an acupuncture massage to help dispel toxins from within through the lymphatic system. The result was a lifted visage that looked younger in a jiffy.

Jurlique Purely White Facial, \$155 (60 minutes).
*Jurlique Day Spa, 283
Dakota Road,
#01-04 Alchemist
Apartments, 6735-7233*

A great pick-me-up facial if your complexion is looking dull and lacklustre. Besides using products from the newly launched Purely White Skin Brightening range, the facial also pampers with an aromatic scalp massage and hand exfoliation and massage. Skin looked instantly luminous after.
