WITH HER UNDERSTATED, SENSUAL
STYLE, THIS FACIAL AESTHETICIAN
EPITOMISES RESTRAINED CHIC.

1 MY FASHION COMMANDMENT

Less is more, but quality counts. I do like Christian Louboutin shoes and Cartier jewellery. If only my terribly sensible husband Kenneth [co-founder of the Sloane Clinic chain] would let me, I would own a Cartier treasure chest of jewels by now!

2 MY DAILY STYLE

ESSENTIAL My sunscreen powder from iS Clinical: It's a mineral translucent facial powder with SPF20, so every time you freshen up with it, you'll also be receiving maximum sun protection.

3 I CAN'T LIVE WITHOUT MY

iS Clinical Super Serum. The antioxidants Vitamin A & C are so potent in it that all I need are five drops every night to keep the wrinkles and aging processes, at bay.

4 FOLLOW MY HEAD OR MY

HEART? I would like to say that I think though what I wear every day but the truth is that I have also defied logic and dressed outrageously. I remember once giving a presentation in a wrap dress that eventually unravelled to reveal a gaping view of my chest. No wonder the uncle in the front row couldn't take his eyes off me as I rattled on about skin tightening!

5 MY FASHION INVESTMENTS

The primary colours red, green and yellow, which I use as accents to the monochromatic core colours in my wardrobe, home and the Sloane clinics. My Calvin Klein and Diane von Furstenberg dresses — trendy yet seasonless. Any fabric that has been well-cut and draped which is as fascinating to me, as the planes of my patients' faces.

6 I GET DRESSED FOR... Myself. If

you care about what others think, you'll never be able to make a statement.

7 I CAN'T TRAVEL WITHOUT... My

Epicuren Enzyme Concentrate for keeping skin hydrated, no matter what.

8 IF FASHION ADVICE

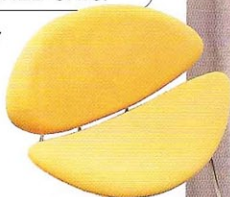

MATTERED... It would have to come from my husband. His patients love his aesthetics and methods for taking years off their faces, without surgery!

9 SHOES OR ACCESSORIES? I am

definitely a shoe person. They not only complete an outfit; they're all I have to play with, in impractical height or extravagant detail — my hands need to be light and free when I work.

10 TO LOOK GOOD IN AN

EMERGENCY... I reach for Skin Inc Multivitamin Booster, a primer over which makeup will go flawlessly, to give me fresh-looking, fabulous skin.

The essence of Low's style: Monochromatic colours with accents of red, green and yellow; anti-ageing iS Super Serum and Skin Inc Multivitamin Booster for instantly fresh, fabulous skin; and fabulous skyscraper heels.
